

Student Attendance System

Aim

To create a simple **Student Attendance System using Zoho One** as a cloud-based SaaS application.

Steps / Procedure

1. Log in to the Zoho One cloud platform.
2. Open Zoho Creator from Zoho One.
3. Create a new application for student attendance.
4. Create a form named **Student Attendance**.
5. Add the required fields:
 - Student Name
 - Course
 - Present
 - Absent
 - Total Classes
 - Course Attendance
 - OD Request
 - Grade
 - Attendance Percentage
6. Select the suitable field type for each field.
7. Arrange the fields properly in the form.
8. Save and publish the form.
9. Enter sample student attendance details.
10. Submit the form.
11. Check whether the attendance details are stored in the cloud.
12. Test the form with different student details.

Implementation

Input:

Student Attendance System

Development

SAS

Student Attendance System

Attendance Systems

Student Attendance System

All Attendance Systems

Student Attendance System

student name

course

-Select-

attendance status

present

absent

present

#####

total classes

#####

course attendance

#####

OD Request

yes

no

Grade

-Select-

attendance percentage

Student

Output:

All Attendance Systems

student name	course	attendance status	
priya	IT	absent	
rahul	ECE	absent	
niha	CSE	present	

student name

rahul

course

ECE

attendance status

absent

course attendance

45

OD Request

no

Grade

A

attendance percentage

90.00

total classes

50

present
